PERSONALITY

GROUP-MINDED, TROUBLESHOOTER AND INDEPENDENT: I developped these characteristics especially during my many years as member and leader at the youth movement in my home village (Chiro Itegem).

POSITIVE MIND, TEAMPLAYER AND PEPTALK: Besides the youth movement, the team sport korfbal was also an important part of my life. I cannot say we were the number one, but being 100% postive and with encouraging peptalk, we always played the best we could.

HANDYMAN: I'm interested in a of things and tried to get along e.g. surfing, photography, playing the guitar, theater,... I like to learn and am enthusiastic to go for new challenges.
